General

Parking on campus for most undergraduates is very difficult to come by because of limited space and high demand. The UCLA transportation department has an application process to obtain a permit. However, barring a disability or a critical need as a commuter (off-campus job, child care, ill family member, etc) odds are very slim to obtain a permit. If accepted, obtaining a carpool parking permit reduces the cost provided that other students sign on to it. There are pay by the hour/day spots available in many of the parking structures; however, they are very pricey.

For parking during Summer Sessions, space is less impacted and there is no parking application required. Permits are limited and sold on a first come, first serve basis. Students may visit the [Bruin ePermit Portal](#) to purchase a Summer Session permit directly.

This [map](#) details the locations for pay stations and parking structures around campus.

Permit Rates

- Commuter Student Permit - \$258/Quarter
- Residence Hall Student Permit - \$324/Quarter
- Night and Weekend Permit - \$150/Quarter
- Two-Person Carpool Permit - \$216 Total Fee/Quarter
- Three-Person Carpool Permit - \$132 Total Fee/Quarter

How to Apply

During Fall, Winter, and Spring Quarters, students can apply for parking by following the steps below. A new parking application must be submitted for each parking period except Summer Session. Parking applications must be submitted within the application deadline.

Daily Parking

You may obtain a daily parking pass through the [Bruin ePermit system](#) and at [self-service pay stations](#) for visitors.

Parking is also sold at [Information & Parking Booths](#) which only accept cash and [BruinCard payments](#).

An all day parking pass for the campus and medical center areas will cost \$13 per day.
